TUESDAY EVENING, NOVEMBER 4, 1862

TO OUR FRIENDS.

Gentlemen who arrive from the United States with late papers, will confer a favor by leaving them at the counting room of the APPEAL office, blockade on the North, our facilities to furnish the latest news from all quarters can be greatly increased by a little attention on the part of our friends, for which we shall over remain grateful. Parties from above will confer an especial favor

We have information from Memphis that there are active movements going on among the Federals at Memphis and Helena. The troops at the latter place have, it is said, been largely reinforced by some of the old troops from above, while new troops are being landed at Memphis, Fort Pillow, and other points in West Tennessee. The attack upon the garrison at Memphis haps succeed in their designs.

The parade was an imposing one, and demon- army, yet the morning reports of the day on a similar elevation, two or three of cur batteries at frem one hundred and fifty to two hundred and fifty to strated an army ready for the enemy.

has exceeded any of his abolition associates. One of his recent proclamations frees all the slaves at Key West, whether they belong to loyal or rebel owners. Another anthorises these they may find unoccupied, whether it belongs no loyalists or rebels. This, it strikes us, is rather in advance of anything we have yet seen In the emancipation line, and puts Fremont, Phelps and Hunter, in the second rank of abo-

wary effectually on that road

The Charleston Mercury is urging the establishment of large depots of anhaistence in that city, and with good reasons. It says : We have little doubt but that the city, when attacked, will be assailed by land forces as well as from the water approach. Charleston is on a narrow mock of land, easy to separate from communication with the surrounding country and with the interior. Without depots of food, its inhabitants will be liable to be starved into submission. In another me and sold less who suffer and size of disease in the secure only five out of nineteen.
